Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 29 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold to start, but turning cloudier and somewhat milder.

Today:
A dry, bright and locally icy start. Cloud increasing through the morning with outbreaks of rain arriving from the west into the afternoon and evening, accompanied by freshening winds and a slightly milder feel. Maximum temperature 5 deg C (41 deg F).

Tonight:
Largely overcast through the evening and overnight, with occasional outbreaks of rain and drizzle. Much milder than recent nights and staying frost free. Minimum temperature 5 deg C (41 deg F).

Tuesday:
Cloudy, mild and breezy on Tuesday with patchy rain throughout, turning heavier into the evening. Maximum temperature 10 deg C (50 deg F).

Outlook for Wednesday to Friday:
Colder Wednesday, bright and breezy after early rain clears. Remaining cool into Thursday with strong winds possible and some wintry showers. Rain and hill snow early Friday but turning brighter.
